Skills

I am an interactive UX designer, centered around user research, building wireframes and high fidelity prototypes, with a good skill set in using the **Figma, Adobe Illustrator and Protopie** design tools for my works.

Experience

Paramount Students / Product Designer

January 2023 - PRESENT, TURKEY(REMOTE)

As a product designer, my responsibility is to design new releases and make updates to the current designs..

Solomon Hills / Product Designer

March 2022- PRESENT, LAGOS(PART TIME-REMOTE)

Tasked with building a mobile version of the Solomon Hills web application .

PWAN Group / Junior UX Designer

November 2020 - December 2022 LAGOS

I have been working with PWAN Group for over a year, designing and prototyping various products that are online, building case studies and carrying out user research to enable our team work better.

Education

Central University / BSC Civil Engineering

September 2013 - August 2017, GHANA

Majored in Pavement Engineering and structural design..
